Shoot Me

Miss Li

Walking down the street
But I can't move my feet
No more guaranteen
For you but not for me

Thousand pills a day
A million days away
And all the things they say
Just hit to my face

Stuck out in the rain
It's running through my veins
Shoot me with the pain
Until I go Insane

Walls are falling down
Falling down on me
I'm stuck between the sheets
And I can hardly breathe

Stuck out in the rain
It's running through my veins
Shoot me with the pain
Until I go Insane x3

Shoot me with me pain
Shoot me with the pain
Shoot me with the pain
Shoot me with the pain
