

# The Songs We Used To Sing

Miss Li

You just went away  
I wish you that u could stay one more day  
All this time has passed, why is time so fast when you aren't h  
ere?  
Cuz the songs we used to sing, the tears it used to bring

The songs we used to sing  
The tears it used to bring  
The songs we used to sing

They say that rain is here, I don't really care when u are gone  
All I feel is fear  
And oh my dear, when u arnt here  
Cuz the songs we used to sing

I wanna know, why u had to go  
And I need to know

Cuz the songs we used to sing  
The tears it used to bring  
Yeah, the songs we used to sing.  
The tears it used to bring

I wanna know, why u had to go  
I need to know why had to go  
I wanna know why u had to go  
I need to know oh oh uh

Cuz the songs we used to sing  
The tears it used to bring  
Songs we used to sing
