

Tuck You In

Miss Li

I've been waiting for you so long
And I feel so alone
It's been days since you whispered in my ears
That I belong in your arms

Everyday I am in the park
Where we used to walk
Kissing me, holding me close to your heart
I long so bad to be back in your arms

All I wanna do is tuck you in
Feel your skin
Breathe you in
All I wanna do is tuck you in

All I wanna do is tuck you in
Feel your skin
Breathe you in
All I wanna do is tuck you in
