

Lullaby For A Beast

Miss May I

Throw the lights out.
Out
Sunken ships paint forever our visions.
An ocean filled with the betrayed.
She sings a lullaby,
For her most dearest murder.

Harmony brings shadows of the past
Harmony brings shadows of the past.

Her lips are those of a beauty,
But her kiss is that of a beast.

The sun burns out,
As we look to the sky...
We are left in darkness,
For all to fear.

Clouds fade to dust
As the rain burns all.

The sun burns out,
As we look to the sky...
We are left in darkness,
For all to fear.
