

## Here And Now

## Missing Persons

Here we are in the here and now  
All i can see is what's in front of me  
All i know is what you tell me know  
I know is what you tell me now  
So tell me now

I'll continue on i know somehow  
can't remember how it felt just then  
Can't seem to remember when  
Can't seem to remember when  
Even then

Did it feel like it should?  
Did it feel really good?  
Want to be back there now  
Wish i could and you would

Wonder if you held me tight  
and did you shield me from my fright?  
Where are you now?  
Where are you now...  
are you now?

All i can see is what's in front of me  
All i know is what you tell me now  
It doesn't seem the same somehow
