

Salty Dog

Mississippi John Hurt

You salty dog
Hey, hey, hey, you salty dog

Said, the big fish, little fish swimmin' in the water
Come back here, man, gimme my quarter

Says, God made a woman, he made 'em mighty funny
The lips 'round her mouth, just as sweet as any honey
Hey, hey, hey, you salty dog

Said, the scardest I ever was in my life
Uncle Bud like to caught me kissin' his wife
Hey, hey, you salty dog

You salty dog
Salty dog
