

# Step Off

Missy Elliott

I know your not my man  
That you belong to someone else (nah)  
Now come on in, an shut the door  
I make sure you enjoy yourself  
If you give me a try, before you deny  
I'm still in love wit you  
Or maybe obsessed wit you

Aaaoooo  
We don't make love no more (umm hmm)  
We don't kiss and we hug like we used to (used to)  
But I'm still in love with you  
Wait  
Wait a minute  
Now if I drive by your house (house)  
And see some bitch in your bed, under the spreads  
Giving you.....head  
Then I'm gonna turn it out (hhaay)

I'm the only one who keep you satisfied  
And though were not together I remember what you like  
So tell them chicks to step off cause I fill your appetite  
And I'm the only women who gon do it like you like

(Hey uh)  
What part don't you get?  
(hey hey)  
Even though I'm not your girl anymore  
And you don't want me no more  
I deserve to know who you sleepin' wit  
(ooooh yyeaaah)  
Is she better then me? (me me)  
Do she cook, do she clean?  
Do she sew, do she sting?  
Can she do these things?

Cause I...

I still love ya baby  
Makes no difference to me  
And I still wantcha baby  
Want to be the one you need  
The one you call on (umm umm)  
Cause I'm the only one that makes you feel good (umm umm)

Sing it to me  
[Chorus - repeat 2X]
