

# Don't Look Down

Missy Higgins

I can hear it getting closer  
Feel the darkness in the wind  
Hear the roaring of the thunder  
As the sky falls in  
Come inside and lock the windows  
We'll be safer in here  
I'll do everything I can  
To keep you safe my dear

But if this is the end, this is the end  
If this is the end, this is the end  
Let it begin

And hold me  
Like there's no need to be scared  
Like we never needed our bodies  
Like we have a life to spare  
Hold me like we never needed this town  
Like the worlds not falling around us  
And don't look down  
Don't look down

I've been waiting for this moment  
Tried everything I had  
Begged a God I don't believe in  
To let us start over again  
Cause we made mistakes I know it's true  
We put ourselves above the rest  
But if we knew that it would bring us here  
We'd never have made this mess

But if this is the end, this is the end  
If this is the end, this is the end  
Let it begin

And hold me  
Like there's no need to be scared  
Like we never needed our bodies  
Like we have a life to spare  
Hold me like we never needed this town  
Like the worlds not falling around us  
And don't look down  
Don't look down  
Don't look down

So let it begin  
Let it arrive  
Let it wash us from the earth  
Let it erase us from time  
Let it begin  
Let it arrive  
Let it arrive

And hold me  
Like there's no need to be scared  
Like we never needed our bodies  
Like we have a life to spare

Hold me like we never needed this town  
Like the worlds not falling around us  
But don't look down
