

Stuff And Nonsense

Missy Higgins

Disobey my own decisions
I deserve all your suspicions
First it's yes and then it's no
I dilly dally down to duo

But I got no secrets
That I babble in my sleep
I won't make promises to you
That I can't keep

And you know that I love you
Here and now, not forever
I can give you the present
I don't know about the future
That's all stuff and nonsense

I once lived for the future
Every day was one day closer
Greener on the other side
Yes, I believed before I met you

But I soon learned
Your love burned brighter
Than the stars in my eyes
And now I know how and when
I know where and why

And you know that I love you
Here and now, not forever
I can give you the present
I don't know about the future
That's all stuff and nonsense

And you know that I love you
Here and now, not forever
I can give you the present
I don't know about the future
That's all stuff and nonsense

And you know that I love you
Here and now, not forever
I can give you the present
I don't know about the future
That's all stuff and nonsense
