The Biggest Disappointment

Missy Higgins

They had my future wrapped up in a parcel And no one even thought of asking me The day I turned fifteen I caught the mail train To find out what else might be in life for me

Well I rode on trucks and trains and lived on nothin' Served me right for wanting to be free Ah well that's the way society looked at it But it didn't seem to be that way to me

And the biggest disappointment in the family was me The only twisted branch upon our good old family tree I just couldn't be the person they expected me to be And the biggest disappointment in the world was me

A lot more dinner times than there were dinners I learned a lot that hurt me at the time Then this quiet country boy went home a different man With a memory of distance on my mind

But I always spoke too loud and laughed too often Maybe drank too many glasses down And perhaps my clothes were older than I realised A relief to all concerned when I left town

And the biggest disappointment in the family was me The only twisted branch upon our good old family tree I just couldn't be the person they expected me to be And the biggest disappointment in the world was me

And the biggest disappointment in the family was me The only twisted branch upon our good old family tree I just couldn't be the person they expected me to be And the biggest disappointment in the world was me
