Warm Whispers

Missy Higgins

Your warm whispers Out of the dark they carry my heart Your warm whispers Into the dawn they carry me through And I'm weeping warm honey and milk That you stay surrounding me, surrounding me

Your warm whispers Letting me drown in a pool of you Your warm whispers Keeping the noise from breaking through And I'm weeping warm honey and milk That you stay surrounding me, surrounding me Yeah, I'm weeping warm honey and milk That you stay surrounding me

Your warm whispers Your warm whispers

And I'm weeping warm honey and milk Your warm whispers Yeah, I'm weeping warm honey and milk Your warm whispers

(But you're gone)

Your warm whispers (But you're gone, you're gone You're gone you're gone You're gone you're gone)

Your warm whispers (But you're gone, you're gone You're gone you're gone You're gone you're gone)

Your warm whispers (But you're gone, you're gone You're gone you're gone You're gone you're gone)
