

Piss For Blood, Shit For Brains

Mistress

Give up, you fuckers!
Reek of fags, booze and deceit
Lies written all over your body
Cunt written all over your face

Piss for blood, shit for brains

Got fucking DTS, shaking hands, shattered pride
Remember you've always got yourself to blame

Piss for blood, shit for brains you fucking cunts

Dead reference, dagger eyes
Brain tumour cross
From hero to zero in one easy fucking step

Piss for blood, shit for brains

Phenomenological psychology
A deaf mute cunt
Blood, brains and bollocks
Time of your fucking life
