

How to Lose a Girl

Mitchel Musso

Hey, you when will you realize
You're about to lose the green eyes?
You take her for granted now
She's tired of the chains

She gives you clues, you're clueless
Tell me why do you do this?
You're so bored, she's out the door
You'd never be the same

But I know that you feel so invincible
But you're breaking down tonight

And this is how to lose a girl
This is how you're only lonely
This is how they fall to pieces
This is how to lose it all

This is how to lose a girl
This is how to fall to mercy in your world
And this is how to lose a girl

You don't know what romance is
Too bad no second chances
Move on, the moment's gone
There's no one else to blame

Now one day she'll hit the highway
And find me 'cause I'll be waiting
Right here to wipe the tears and steal her heart away

I know that you feel so invincible
But you're breaking down tonight

And this is how to lose a girl
This is how you're only lonely
This is how they fall to pieces
This is how to lose it all

This is how to lose a girl
This is how to fall to mercy in your world
And this is how to lose a girl

Yeah, we know it hurt, now I've been hurt
Was it worth it? Got what you deserved
And now it's over, that's how you lost the girl

Hey, you when will you realize
You've lost those perfect green eyes?

And this is how to lose a girl
This is how you're only lonely
This is how they fall to pieces
This is how to lose it all

This is how to lose a girl
This is how to fall to mercy in your world

And this is how to lose a girl
