

# You Didn't Have to (Walk Away)

Mitchel Musso

I don't know how to let this go  
And I don't really want to know  
what it's like without you in this life  
Your voice is breaking through the air  
I can hear but I don't care, what's it matter anyway tonight  
But everywhere I go I'm reminded of everything that's going on  
That something isn't right  
I can read the signs  
I know that something's wrong

But you didn't have to walk away  
No you didn't have to walk away  
You didn't have to walk away from me tonight  
No you didn't have to walk away  
You didn't have to walk away  
No you didn't have to walk away from me tonight

I don't wanna be left with all  
The broken pieces as they fall  
If there was more time, I would hide this all away  
But everywhere I go I'm reminded of everything that's going on  
That something isn't right  
I can read the signs  
I know that something's wrong

But you didn't have to walk away  
No you didn't have to walk away  
You didn't have to walk away from me tonight  
No you didn't have to walk away  
You didn't have to walk away  
No you didn't have to walk away from me tonight

Time means everything, everything  
Time means everything, everything to me

But you didn't have to walk away (no you didn't, no)  
No you didn't have to walk away (no you didn't, no)  
You didn't have to walk away from me tonight (you didn't have to walk away)  
No you didn't have to walk away (no you didn't, no)  
You didn't have to walk away (no you didn't, no)  
No you didn't have to walk away from me tonight (you didn't have to walk away)  
You didn't have to walk away  
No you didn't have to walk away (no you didn't, no)  
You didn't have to walk away from me tonight (you didn't have to walk away)  
No you didn't have to walk away (no you didn't, no)  
You didn't have to walk away (no you didn't, no)  
You didn't have to walk away from me tonight  
You didn't have to walk away
