

# American Dream

MKTO

(Do something with your life)

Ooh.

(With your life)

We broke down trying to leave town  
Flying down the road to change  
We were born to run,  
Cali here we come  
Escape from nowhere USA

Say goodbye to white picket fences  
Say hello to palm trees and Benzes  
They say you gotta fall to have it all

Yeah

We don't want two kids and a wife  
I don't want a job, I just want a life  
Sometimes the underdogs rise and the mighty fall

This ain't the same summer song that you used to know  
'Cause Jack left Diane thirty years ago  
The world is spinning too fast for you and me  
So tell me whatever happened to the American Dream

I know a girl I met her last night  
She was fresh off the plane  
She whispered in my ear,  
"Baby, come here. I'll do anything to make a name."

Honey, take my hand follow me  
'cause I don't wanna hurt you but he does  
I just wanna give you some real advice

(Listen baby, mmm)

Never take candy from a stranger  
And keep your eyes open for danger  
'Cause this right here is the twisted paradise

This ain't the same summer song that you used to know  
'Cause Jack left Diane thirty years ago  
The world is spinning too fast for you and me  
So tell me whatever happened to the American Dream

This ain't the same summer song that you used to know  
So baby, let's live and die before we're getting old  
You know that nothing is the way it used to be  
So tell me whatever happened to the American Dream

Na na na...

We were born to run,  
Cali here we come  
Gettin' out of here, baby  
Let's get out of here

This ain't the same summer song that you used to know  
'Cause Jack left Diane thirty years ago  
The world is spinning too fast for you and me  
So tell me whatever happened to the American Dream

This ain't the same summer song that you used to know  
So baby, let's live and die before we're getting old  
You know that nothing is the way it used to be  
So tell me whatever happened to the American Dream

Na na na.
