

If You Want My Love

Mňága & Žďorp

do you want my love
let's play the game
if you think I lie
then you won't understand

tell me something nice
touch me with your hands
say it to my heart, girl
that you want my love

if you want my love
and I stay by your side
let's ... till
the morning light
I know your name

I won't be afraid to cry
we laugh all the time
so stop being scared
I want your love
come on

I won't ask to be my girl
better stay good friends
'cos if we last
till morning light
we'll both understand
do you want my love ...
do you want my love ...
do you want my love
