

# Orbiting

## Mnemic

No anger.  
No pity.  
My god,  
No fear!

Orbiting my thoughts around this world  
I get to the point where I have to abandon all hope

So far where no one hears me now  
No one hears me now

I only see the blood falling down  
I get the feeling this will never happen  
Barbed wire, wrapped around my face  
Wrapped around my face

Orbiting in dark matter  
Even death could be better

No one hears me now  
See the blood falling down

I get to the point where I have to abandon it all  
No one hears me anymore  
Keep your head looking towards the sky  
Towards the sky  
Towards the sky

See the blood falling down, coming down  
Man has gone where no one else has gone before  
Man has gone where no one else has been before

I only see the blood falling down  
I get the feeling this will never happen  
Barbed wire, wrapped around my face  
Wrapped around my face

No one hears me now  
See the blood falling down  
Down

Orbiting in dark matter  
Even death could be better

Could be better...
