

# There's No Tomorrow

## Mnemic

Like there's no tomorrow  
Like there's no turning back

We give it away  
Yeah we give it away

Despite we know it all  
Despite we know it all  
Despite we know it all  
We let it go

Like we always need a purpose  
We always need a little distance

I won't give it away  
I won't give it away

Perpetually catching up with who we are  
Just a state of mind  
Will you give it away  
Will you give it away  
Like there's no tomorrow

Despite we know it all  
Despite we know it all  
Despite we know it all  
We let it go
