## **Final Song**

Please, won't you wait? Won't you stay? At least until the sun goes down When you're gone, I lose faith I lose everything I have found Heart strings, violins That's what I hear when you're by my side. Whoa Yeah, that's what I hear when you're by my side. Whoa

But when you're gone the music goes I lose my rhythm, lose my soul So hear me out before you say the night is over I want you to know that we gotta, gotta carry on So don't let this be our final song

So don't let this be our final song So hear me out before you say the night is over I want you to know that we gotta, gotta carry on So don't let this be our final song

Baby when we were young There was nothing to make believe And the songs that we sang They were written for you and me Melodies on repeat That's what I hear when you're by my side. Whoa Yeah, that's what I hear when you're by my side. Whoa

But when you're gone the music goes I lose my rhythm, lose my soul So hear me out before you say the night is over I want you to know that we gotta, gotta carry on So don't let this be our final song

So don't let this be our final song So hear me out before you say the night is over I want you to know that we gotta, gotta carry on So don't let this be our final song

Woo-ooo, take us to a higher ground Here and now, whatever you do, just don't look down Woo-ooo, underneath the disco light, it's alright We could make the perfect sound We could make the perfect sound

But when you're gone the music goes I lose my rhythm, lose my soul So hear me out before you say the night is over I want you to know that we gotta, gotta carry on So don't let this be our final song

So don't let this be our final song So hear me out before you say the night is over I want you to know that we gotta, gotta carry on So don't let this be our final song

Woo-ooo, take us to a higher ground Here and now, whatever you do, just don't look down Woo-ooo, underneath the disco light, it's alright
We could make the perfect sound
Woo-ooo, take us to a higher ground
Here and now, whatever you do, just don't look down
Woo-ooo, underneath the disco light, it's alright
Don't let this be our final song
