

# Freedom

MØ

(Say what)  
What am I gonna do dearest brother?  
My inner peace disturbed by the smother  
I've broken good  
It rains in my hood and hard, ohh  
I need to ohh-ahh to get away  
Ooh-oo-oo  
I want to walk drunk into the water  
And get some sacred silence from my mother  
Let go my horse, it's big on all fours  
It leads you to madness  
I need to get away  
Ooh-oo-oo

Wisdom comes to those who see  
The land beyond the sun  
Well I'm deceiver, end up a believer  
Show me all your fun!

(Say what)  
No one will try to save us this time  
Come on my love, let's set the world on fire  
No one will try to save us, I swear  
Freedom is like this, we can go anywhere, anywhere

They ain't never gonna get what they had  
They ain't never gonna steal it like that

(Say what)  
And you throw yourself into the river  
And everything was worse than ever  
Let go my horse, it's big on all fours  
It leads you to madness I need to get away  
And I've been frighten out on the road, you ride here inside  
But I did better  
(Say what)  
Ooh-oo-oo

Wisdom comes to those who see  
The land beyond the sun  
Well I'm deceiver, end up a believer  
Show me all your fun!

No one will try to save us this time  
Come on my love, let's set the world on fire  
No one will try to save us, I swear  
Freedom is like this, we can go anywhere, anywhere

No one will try to save us this time  
Come on my love, let's set the world on fire  
No one will try to save us, I swear  
Freedom is like this, we can go anywhere, anywhere

They ain't never gonna get what they had  
They ain't never gonna taste what it's like  
They ain't never gonna get what they had  
They ain't never gonna steal it like that

(Say what)

They ain't never gonna get what they had  
(They ain't never gonna get what they had)  
They ain't never gonna taste what it's like  
(They ain't never gonna taste what it's like)  
They ain't never gonna get what they had  
(They ain't never gonna get what they had)  
They ain't never gonna steal it like that  
(They ain't never gonna steal it like that)  
(Say what) □
