

Let it all go  
Come on and I already know  
We gotta go, pick up and ride it  
If we wanna fly free, if we wanna fly free  
Barbies and dolls, I wanna be facing them all  
Light up a fire, I need to get in too deep

Take me to the party  
Kami-Kamikaze  
Blame it on the bus  
I am never gonna get enough  
Take me to the party  
Kami-Kamikaze  
Leave me on the bus  
I am never gonna, never gonna get enough  
Kamikaze, hey, hey, Kami

You say you want someone to be wasting your time  
Well I am your partner in crime  
Boy, you should fly away with me  
Saturday night was never really meant to do right  
So come on, take me to the tide  
But we need to get in too deep

Take me to the party  
Kami-Kamikaze  
Blame it on the bus  
I am never gonna get enough  
Take me to the party  
Kami-Kamikaze  
Leave me on the bus  
I am never gonna, never gonna get enough  
Kamikaze, hey, hey, Kami

We got one, two, three 'til the end of the world  
We got one, two, three 'til the end of the world  
We got one 'til we die, 'til we die  
I'm never gonna learn  
We got one, two, three, 'til the end of the world  
We got one, two, three, 'til the end of the world  
We got one 'til we die, 'til we die  
I'm never gonna get it, I'm never gonna get

Take me to the party  
Kami-Kamikaze  
Blame it on the bus  
I am never gonna get enough  
Take me to the party  
Kami-Kamikaze  
Leave me on the bus  
I am never gonna, never gonna get enough  
Kamikaze, hey, hey, Kami

Kamikaze, Kami  
Kamikaze, hey, Kami
