

## Run Away

MØ

Hold my head high  
So I won't see what is comin' underneath  
Baby pelican  
I got no wings so I'm walkin' in the sand  
Thoughtful into the night  
Thoughtful into the night

One day I will run away, run away  
Do not grieve, baby, 'cause I will not  
Oh, my darlin'  
Someday I will run away, run away  
And realize that they were always wrong  
I wander on and I will never come back

I've seen them shakes  
Their bodies throw, it's a roller coaster  
I don't know better, no  
But my will is on the wait for the snow to fall  
Gently in the night, gently in the night

One day I will run away, run away  
Do not grieve, baby, 'cause I will not  
Oh, my darlin'  
Someday I will run away, run away  
And realize that they were always wrong  
I wander on and  
One day I will run away, run away  
Do not grieve, baby, 'cause I will not  
Oh, my darlin'  
Someday I will run away, run away  
And realize that they were always wrong  
I wander on and I will never come back

Trust me, baby star  
These things you know in your heart  
You go, you go and you will lose  
You lose so much, but keep up  
Trust me, baby star  
These things you know  
Don't you ever go cheat on your heart  
Ooh, if it leaves you  
You'll be lost in the dark
