

## Say You'll Be There

MØ

Last time that we had this conversation I decided we should be friends  
But now we're going round in circles, tell me will this deja vu  
never end?

Now you tell me that you've fallen in love  
Well I never ever thought that would be  
This time you gotta take it easy throwing far too much emotions  
at me  
But any fool can see they're falling, gotta make you understand

I'm giving you everything  
All that joy can bring, this I swear  
And all that I want from you  
Is a promise you will be there  
Say you will be there  
Say you will be there  
Won't you sing it with me?

If you, put two and two together you will see what our friendsh  
ip is for  
If you can't work this equation then  
I guess I'll have to show you the door

There is no need to say you love me,  
It would be better left unsaid

I'm giving you everything  
All that joy can bring, this I swear (yes I swear)  
And all that I want from you  
Is a promise you will be there  
Yeah, I want you

Any fool can see they're falling, gotta make you understand  
I'll give you everything on this I swear  
Just promise you'll always be there

I'm giving you everything  
All that joy can bring, this I swear (yes I swear)  
And all that I want from you  
Is a promise you will be there  
Always be there

Yes I swear
