

# Spread Love

Mobb Deep

First of all, we the one and only Infamous

Everybody wanna use the name  
Soundin' all lame

We come up in the party with them shanks and things

Have you curled up on the floor  
Feelin' the pain

And nine times out ten we ain't even start the shit  
We finish it  
Then they wanna press charges

Plus everybody and their mother wanna act tough  
'Till they discover how fast a nigga leave them under white covers

Was a thumper  
Till he met the 40 thunder

Now I feel strange when I walk by his mother  
It's fucked up

That's how the ball bounce

The cookie crumbles

That's what the guns do  
Dead you  
On the humble

But god fogive me niggas tryin to hit me  
What I'm supposed to do  
You talk about my life  
And a nigga got a lot to loose

So I  
Tuck the heaters  
Then proceed to move  
We a mob for real  
You an example

R: You should spread love not war  
Cause my shit is poppin  
And I'd be god damned if you shot me  
You need to spread love not war  
Cause you wont feel safe  
Comin out your crib, knowin that we got beef  
You should spread love not war  
Just think about your kids  
How they need you alive for they're guidance  
You need to spread love not war  
Cause death hurts whole families  
Imagine it's your moms that grieves

Two in the neck  
Yes you will, if you not feelin me yet

Outta respect  
Can't stand it man, you niggas is set  
Sweatin hard ain't do shit  
But run your list  
When a nigga get confronted  
All he do is take the fifth  
Not the long, talk about the four  
Niggas is raw  
You ain't know, now you know  
Leakin down on the floor  
Never a need for my words  
Believe what you heard  
Never flash a gat and go bust it  
That shit is absurd  
Cause I be right back  
To my brother say word  
You got to drive, no doubt  
I cock it bein tougher for herbs  
Cause the  
Plot is power  
An I do it for hours  
Won't save me for a minute  
Till I move on you cowards  
Direct  
Drama to us  
Infamous be the ones and we rowdy  
Million dollar ballad  
Make an album, get classes

R:

Look around your surrounded by the M-O-B  
B-D-E-E-P  
Infamous niggas rep Queensbridge housing P's  
My dunns come through with the big long chains  
Plus we got bullets, to blow your brains  
Niggas learn when they feel the pain  
Know what I'm sayin?  
Straight like that  
Standin ovation with max  
We clap niggas for less  
Splash niggas for laughs  
Shift the game  
Raise your odds  
I need 93 thousand for 16 bars  
Put out the movie, the hoods rush the stores  
700 thousand from out the doors  
We the most thorough  
Need I say more?  
The hoes love the morgue  
Cause we so raw  
Handcuff you whore  
When P come through the scene  
Glowin like a black light on white clothing

R: (2x)

You should spread love not war  
Cause my shit is poppin  
And I'd be god damned if you shot me  
You need to spread love not war  
Cause I don't give a fuck [echoing]  
You should spread love not war
