## **My Beautiful Blue Sky**

Come on baby Come on girl Come on baby Come on girl I love you baby I love you now I love you baby I love you now Look at us, were beautiful All the people push and pull But let's just go out and ride Talk about the things we try Look at us, were beautiful All the people push and pull but they'll never get inside We've got too much to hide Come on baby Come on girl Come on baby Come on girl I love you baby I love you now I love you baby I love you now Look at us, we're beautiful All the people push and pull but let's just go out and ride Talk about the things we try Look at us, we're beautiful All the people push and pull but they'll never get inside We've got too much to hide Look at us, we're beautiful All the people push and pull but let's just go out and ride Talk about the things we try Look at us, we're beautiful All the people push and pull but they'll never get inside We've got too much to hide 16x Look at us we're beautiful
