

Stay Down

Moby

Oh my love
We try so hard
Oh my love
Stay down
Stay down

We've seen how
All the trusted
So softly, slipped away
On the watchtower
All the time
My love
Stay

Just follow in
..
We can't escape our roots
Can't escape

Oh my love
We try so hard
Oh my love
Stay down
Stay down

It is treason
All it seems
No one cares how
Just relent
All the seen now
All the time
How we lost this again

Just following
...
Through this
We can't escape our roots
Can't escape

Oh my love
We try so hard
Oh my love
Stay down
Stay down

There is news gone
By the sea
Shining bright on
All the sea
There is news gone
By the sea
Shining bright on
All the sea

2x:
Oh my love
We try so hard

Oh my love
Stay down
Stay down
