

Stay

Moby

I tried, you know I did, Lord
I tried so hard
Oh, don't you know
I was just in the way?

Down there with nothing
There I will stay
Oh, down there
There I will stay

Silver in your eyes
Gold is in your hair
I know, I'm alive
So I just sit and stare

Sleep in the morning
Sleep all day
Down in the garden
There I will stay

Oh, so quiet
Everyone's asleep
The blue of the moon
Lights me on my feet

Down in the garden
There I will stay
Oh, down there
There I will stay

Oh, down in the garden
There I will stay
Oh, down in the garden
There I will stay
