

The Come Down

Moby

Here I am, once again. just like a pack of wolves.
The skies were once paved with gold, now they rain on us all.
I've made my bed so i'll lie in it. I've dug my grave so i'll die in it.
"Tell all my friends i said goodbye, clenched teeth and fluttering eyes"
I can't go on like this.

Just like the living dead, i've got a taste for something.
And I don't want it, I just need it!
And I can't believe that,
its getting harder just to feel alive!
its getting harder just to feel alive!

Curtains close- take a bow. I think we fooled all of them now.
Who you are, what you say, what you do each and every single day.
I've made my bed so i'll lie in it. I've dug my grave so god help me die in it.

Just like the living dead, i've got a taste for something.
And I don't want it, I just need it.
And I can't believe that!
Just like the living dead, i've got a taste for something.
And I don't want it, I just need it.
And I can't believe that!
& i dug my GRAAAVE. So i'll lie in it. I've made my bed, so i'll die in it, DIE IN IT!

I'D RATHER LIVE, THAN LIVE FOREVER

Im knocking on deaths door, but you're already dead.
Its either now or fucking never. And that night, we meant every word we said.
ALL I CAN SAY!
All i can say for sure is, we're coming out tonight!
All i can say for sure is, we're coming up tonight!

(Just like the living dead...
just like the living dead...
just like the living dead...
i've got a taste for something
and i don't want it, I just need it)

AND I CAN'T BELIEVE THAT!

Just like the living dead, i've got a taste for something.
And I don't want it, I just need it.
And I can't believe that!
Just like the living dead, i've got a taste for something.
And I don't want it, I just need it.
And I can't believe that,
it's getting harder just to feel alive!!!

It's getting harder just to feel alive!!!
