

Beautiful Problem

Mod Sun

Where did you come from? How did you get here?
I tried to solve it, but my brain does not reply
How did you fall into my equation
Tried to subtract love, but it only multiplied
What a beautiful problem, you're my beautiful problem
What a beautiful problem, you're my beautiful problem

Ever since I saw you, I know
You was a little bit crazy, but baby, maybe you're the one
Just take me I'm all you like a Walked straight through Hell just to get to
Heaven
If you were standing there waiting, yeah
And I could go on living without you, but I won't, but I won't
And I could tell you all that, but I don't, but I don't, no

And I gotta let you go and make your own mistakes
But I swear to catch you on the way down
And since the day we met, I knew we were meant to be
But I swear, I just can't explain how

Where did you come from? How did you get here?
I tried to solve it, but my brain does not reply
How did you fall into my equation
Tried to subtract love, but it only multiplied
What a beautiful problem, you're my beautiful problem
What a beautiful problem, you're my beautiful problem

I ask myself, how did we end up here
Thinking 'bout all the things we did and done, yeah
We're a little different, I think it's terrific
Never been embarrassed
Introduced you to my parents, even took you to Paris
It could be so simple, you just gotta let go
And take all the issues, get 'em under control
Cause if there's one thing that I know
Is that all those little problems are really beautiful

And I gotta let you go and make your own mistakes
But I swear to catch you on the way down
And since the day we met, I knew we were meant to be
But I swear, I just can't explain how

Where did you come from? How did you get here?
I tried to solve it, but my brain does not reply
How did you fall into my equation
Tried to subtract love, but it only multiplied
What a beautiful problem, you're my beautiful problem
What a beautiful problem, you're my beautiful problem

I write out replies to try and divide
You from my life, but it won't come out right
I thought I'd live my life with you by my side
I guess I'll admit I'm not good with goodbyes
Maybe inside, someday I'll find
A way to get you to get out of my mind
I thought I'd live my life with you by my side
I guess I'll admit I'm not good with goodbyes

What a beautiful problem, you're my beautiful problem
What a beautiful problem, you're my beautiful problem
