

Not That Bad

Mod Sun

The night is is is
The night is, I get sad.
I start thinking 'bout mom and dad
I start dreaming 'bout things I never had
Times can hold up but its not that bad yeah its not that bad bad bad bad
Yeah Yeah its not that bad bad bad bad

Yeah The light bulb above my head deserves some credit
It seems to never turn off, I won't dim it
Believe and I want to believe in life's good.
I get it, could change your idea, this whole thing in five minutes
were just rap we'll make your moves, I really get it
Yeah hippie hop's too far away from any gimmick
I like my style, I dig my curls, I won't trim it
At the end of the line, I'm screaming, please more time
I'm so fucking happy I'm alive, you can never say you never tried, and if yo
u did it'd be a lie.
Must tye dye the night and save the sky

The night is, I get sad.
I start thinking 'bout mom and dad
I start dreaming 'bout things I never had
Times can hold up but its not that bad yeah its not that bad bad bad bad
Yeah Yeah its not that bad bad bad bad

The night is, I get sad.
I start thinking 'bout mom and dad
I start dreaming 'bout things I never had
Times can hold up but its not that bad yeah its not that bad bad bad bad
Yeah Yeah its not that bad bad bad bad

Give away everything that you bought,
the last good advice I've got
Share your perspective, don't let it be a mystery
And generate actions from a place of purity
4 AM watching cartoons from the 70's
Money's cool but I'd rather make a memory
I'm raveling, I've been traveling like a maniac,
Yeah I've been on the road, man's its worthy, Jack Kerouac

Mikey byrant said it's almost our time
We're piece together what was once known as the great divide
Public speaking from my individualistic misfits,
Thoughts to things - Newton's 3rd law of physics

So... health, wealth, success, and happiness
This thing between my two eyelids, beauty folds
Want some real art, she got an easel in my studio
Painting with colors I bet you ain't ever used before
I see this sounds just like a "tangerine-lavender"
Plenty of d-a-z-e on my calendar
So focused I should sit on the lens of a camera

Yeah its not that bad
Yeah yeah its not that bad bad bad bad
Yeah its not that bad
The night is is is

The night is, I get sad.

I start thinking 'bout mom and dad

I start dreaming 'bout things I never had

Times can hold up but its not that bad yeah its not that bad

No matter the amount of negativity you're presented with, five minutes from now could be your best moment.
