Mod Sun

& we got so much sun to soak up,  
I'm jus happy that I woke up.  
I dream about it, & than it show up.  
A kid forever I ain't never gonna grow up.  
Bout to start a fire, smoke up.  
No jivin', we vibin',  
My vacation, three-sixty-five'n.  
Great seats nice view a the beach,  
Outta sight but nothin outta reach.  
Cloud nine & I ain't ever goin back.  
Left the stress behind like "I don't need that!"  
Live ONCE, do everything TWICE.  
I don't call it life, this is paradise..  
You been lookin for a better way,  
& you know it's not far to go.  
We can get away,  
Like "Yo, where'd they go?!"

Good times, we got em on replay,  
They say "no" we gon do it anyway.  
Imma show ya how to live like a hippy,  
Let me take ya down to PARADISTRY.  
Let me take ya down, let me take ya down,  
Let me take ya down to PARADISTRY. (2x)  
Ok, are you happy that you woke up?  
Think about it...sure enough (sho-nuff).  
Love to live it, I wouldn't trade a minute  
We can hop the border I ain't got a limit.  
C'mon you could visit, or I could meet cha thurr  
Ask me where I'm from & I say "everywhurr".  
Whether it's a train on a track, a plane or a hatch-back...  
We ALL over the map!  
Cloud nine & I ain't ever goin lower,  
Don't know when I'll be back, was nice to know ya.  
Lived ONCE, did everything TWICE  
Life? Nah, this is paradise..  
You been lookin for a better way,  
& you know it's not far to go.  
We can get away,  
Like "Yo, where'd they go?!"

Picture the seas, picture 90 degrees...  
Picture the palm trees dancin in the breeze..  
Picture the sights that wouldn't let you blink..  
Picture that 'little umbrella' inside ya drink, ha!  
Imma take ya there go head & say goodbye,  
We can float away in the high tides'.  
Imma take ya there go head & close ya eyes..  
Ok, open up. PARADISE
