

# Spent All My Money

Mod Sun

I be smashin' through the city, ayy  
90 on the dash hand  
All my new friends fuckin' with me now  
Wonder how long that's gon' last, yeah  
I go shoppin' dolo just to waste time  
They say save my money, but I spend mine  
They act like I'm gettin' fucked up every night  
And when I say I don't, they think that it's a lie

I've been spendin' too much time at LAX  
I've been spendin' too much time thinkin' 'bout sex  
I've been spendin' too much time with fake ass friends  
Tell me, would you love me if I ain't make millions?

So I be smashin' through the city  
I got 90 on the dash, yeah  
All my new friends fuckin' with me  
I wonder how long that's gon' last  
Yo I need some new friends  
Tell me where they at  
I need some new friends  
Someone who got my back  
I need some new friends  
Yo I need some new friends  
Yo I need some new friends  
Yeah, someone that smoke a pack  
I need some new friends  
Yeah, someone that split the tab  
I need some new friends  
I need some new friends  
I'm tired of smokin' all this weed alone  
Another zone I smoked straight to my dome  
When I'm in the studio I don't answer my phone  
At the tone, please record your message  
Yeah people ask me every day for a little advice  
The only thing that I say is go live your life  
I won't change the way I am 'til the day I die  
All my best friends are old friends now, and I don't know why

I've been spendin' too much time at LAX  
I've been spendin' too much time thinkin' 'bout sex  
I've been spendin' too much time with fake ass friends  
Tell me, would you love me if I ain't make millions?  
I've been spendin' too much time at LAX  
I've been spendin' too much time thinkin' 'bout sex  
I've been spendin' too much time with fake ass friends  
Tell me, would you love me if I ain't make millions?

I be smashin' through the city, ayy  
90 on the dash hand  
All my new friends fuckin' with me now  
Wonder how long that's gon' last, yeah
