

Haha

Modern Day Escape

Stay awake
Bleed for me
Go insane
Do your thing
All in a timely fashion
Lose some weight
Pocket change
All we got
Are ripped up jeans
Preying on others' kindness

We are worms
We need more

I can't wait to laugh
In the face of everyone
Who never believed in any of us.

Wash your hands
Scrub 'em clean
Making sure
That all your dreams
Are running down
The bathroom sink
Hit the floor
Beg for more
Making sure
That I'll endure
I'm your martyr

We are worms
We need more

I can't wait to laugh
In the face of everyone
Who never believed
In any of us
And I can't wait to make 'em believe

I can't wait
I can't wait

Suck me dry
Parasite
Lies
Suck me dry

I can't wait to laugh
In the face of everyone
Who never believed
In any of us
And I can't wait to make 'em believe
I can't wait
I can't wait
