```
Reckless I feel, reckless I feel
It's something ideal, it's something ideal
Space between the thoughts and acts
A mind [?] see us [?] pay the way
Who knowingly mowed us
Who seemingly owed us
[?] cast aside
From the wreckage to the tide
Feel the touch of excitement while
Adrenaline [?]
Oh [?]
They were too young
They were too young
Use your knowledge
Use your knowledge
Feel the words
Feel the words
A time to act now
A time to [?]
Now relax boys
Now relax
Just a thought, just a thought
For you to face
Just a thought, just a thought
For you to face
Just a thought, just a thought
For you to face
Just a thought
[?] cast aside
From the wreckage to the tide
Feel the touch of excitement while
Adrenaline [?]
Oh [?]
They were too young
They were too young
They were too young
They were too young
