## **For Always and Ever**

## **Modern Talking**

Do you wanna hear my story I know it wasn't much of glory Now I found someone to believe It's you You took my life Coloured all my lonely days And I'm so proud to hear you say

For always and ever-Take it from my heart Take it from the start-For always and ever We are strong together now

Love is a flowing of emotion Two hearts are living through the motions You will see nothing tearing us apart You took my life Coloured all my lonely days And I'm so proud to hear you say

For always and ever-Take it from my heart Take it from the start-For always and ever We are strong together now For always and ever-Take it from my heart Take it from the start-For always and ever We are strong together now

Love can change your life forever And you, you give me everything Everything I need

For always and ever For always and ever

For always and ever-Take it from my heart Take it from the start-For always and ever We are strong together now
