Girl Out of My Dreams

Modern Talking

Dreams that money just can't buy You give away no try and now you're gone, is it forever? Love, for me is not a game Don't play a trick again, it's over now, is it forever Don't hurt my heart

Oh I thought you are the girl out of my dreams I'll be there for you oh baby now it seems You're the one who quit this love and let me go Is it over now, I have to know?

Girl, oh why you changed your mind
There's a way we'll find, but why, you're gone, is it forever?
Love is looking through my eyes
Don't leave this paradise, it's over now, is it forever?
Don't hurt my heart

Oh I thought you are the girl out of my dreams I'll be there for you oh baby now it seems You're the one who quit this love and let me go Is it over now, I have to know?
