

In the discolight, in the discolight.

1. Oh I walked through the party in the discolight,  
Saturday is calling, and I'm feeling alright.  
And I get tired of being alone,  
she has my heart, but she has no home.  
And I tried and tried, tried it again,  
buy her a drink, wanna be her man,  
hi-ho, high and low, oh my baby, come let's go.

R: Oh Ju-Juliet, all the things you do they drive me mad.  
Ju-Ju-Ju-Juliet, baby, I can't get you out of my head.  
I love the nightlife, the crazy nightlife, in the discolight, baby.  
I love the nightlife, the crazy nightlife, oh keep on dancing, lady.

2. And we walked to my house, it was late at night,  
Sunday was calling, see the morning light.  
I'm tired out of being with this girl,  
she's so complicated, doesn't fit in my world,  
and I try and try to send her home,  
called her a taxi, wanna be alone.  
Hi-ho, high and low, oh my baby, oh please go!

R: Oh Ju-Juliet...

\*: Keep on dancing, lady.  
In the discolight, discolight, yeah, in the discolight.  
Keep on dancing, lady.  
I love the nightlife, the crazy nightlife, in the discolight.  
I love the nightlife, the crazy nightlife, oh keep on dancing, lady.

I love the nightlife, the crazy nightlife, in the discolight, baby.  
I love the nightlife, the crazy nightlife, oh keep on dancing, lady.  
I love the nightlife, the crazy nightlife, in the discolight, baby.  
I love the nightlife, the crazy nightlife, oh keep on dancing, lady.

(Discolight) In the discolight, baby.
