

## Rouge et noir

Modern Talking

Someday, we're together, tonight's gone forever  
The night just comes falling, your heart it is calling  
Oh I know and swear, I always will be there  
There is you and me, baby can't you see

Rouge et Noir, Rouge et Noir  
Be the lady of my heart  
Rouge et Noir, Rouge et Noir  
Oh I'll never tear apart  
Rouge et Noir, you'll break my heart  
Oh this love is so bizarre  
Rouge et Noir, don't break apart  
Be the lady of my heart, oh

I know, you are lonely, I swear you're the only  
You said, you remember the day on September  
When I promised my love, baby I was dreaming of  
That you're here with me, baby can't you see
