With A Little Love

Modern Talking

They said oh yeah it's a tough world You are restless and you are young I said oh girl it's a good world And your time will come Your time will come They said you came from the wrong side He's a page from the end of the book I said you came from the right side Took me just one look Then you understood

With a little love you will survive With a little love you will get by Do what you want go your own way 'cause it's your life

With a little love you make the start Yeah why lovers break each other's heart Do what you want go your own way 'cause it's your life

They said no future forget it You came from the wrong side of town I said don't listen don't let it Let it bring you down Make you wear a frown They said oh let him down easy Left at the hearts you have won I said that love is for livin' Like the morning sun It had just begun
