

## A Life of Arctic Sounds

Modest Mouse

As long as you're gone I can't apologize  
For all the things that I haven't said and done  
And 100 miles is a long drive inside a car  
200 is a long drive inside a car, 300 is a long drive inside a  
car  
400 is a long drive inside a car, 500 miles is a real long driv  
e in a car  
600 miles is a long drive inside a car, 700 is a long drive ins  
ide a car  
800 is a long drive inside a car, 900 miles is a long, long, lo  
ng  
Long ways in a car, 1000 miles is a long drive inside a car  
1100 miles is too far inside a car  
I wrote my name on the sun, hey alright  
I might be god damned, a life of arctic sounds  
Hey alright, I might be god damned, all the sad comedians  
I wrote my name on the sun, hey alright  
I might be god damned, a life of arctic sounds  
Hey alright I might be god damned, all the sad comedians  
Hey alright, I might be god damned
