

Night on the Sun

Modest Mouse

So, turn off the light 'cause it's light of the sun
You're hopelessly hopeful
I hope so, for you

Freeze your blood and then stab it into in two
Stab your blood into me and blend
I eat my own blood and get filled up get filled up;
I get filled up on me and end so turn off the light
'Cause it's night on the sun you're hopelessly hopeless

I hope so, for you
Turn off the light 'cause it's night on the sun
You're hopelessly hopeless
I hope so, for you

Freeze your blood and then stab it into in two
Stab your blood into me and end
I eat my own blood and get filled up get filled up
I get filled up on me and end
Freeze your blood and then stab it into me
Freeze your blood and then stab it into me
Freeze your blood and then stab it in two into me and blend
Turn off the light 'cause it's night on the sun
You're hopelessly hopeless
I hope so, for you

Well there's one thing to know about this town
It's five hundred miles underground; and that's alright
Well there's one thing to know about this globe
It's bound and it's willing to explode and that's alright
Well there's one thing to know about this town
Not a person doesn't want me underground
There's one thing to know about this town
It's five hundred miles underground; and that's OK
There's one thing to know about this earth
We're put here just to make more dirt; and that's OK
Night on the sun
