

# Up

Modestep

It's getting slow all around  
You hear warping in your sound  
You feel your heart stop and start  
But now it's racing to the ground  
So many highs, so many lows  
You feel that rushing in your toes  
You seen this on TV  
Forgot to ask Frank exactly how it goes  
You feel the music touch your skin  
Something is bursting from within  
Never in the world should it stop

Once you drop the only way is up, up  
Once you drop the only way is up  
Once you drop the only way is

I've never been in love in my life  
But now I know what it might feel like  
This feeling from inside me might  
Implode on itself, and reach a high, a high  
The bass drum hits my spine  
Rattles through the filthy bass line  
Never in the world should it stop

Once you drop the only way is up, up  
Once you drop the only way is up  
Once you drop the only way is

Free your mind  
Set free your mind [x10]

Once you drop, the only way is up
