

Scared Of Everyone

Modwheelmood

Damn you're getting old
You're not twenty-four anymore
You've been here five years
So many tears, good years
Everything I am
Everything you want
Everything I try to be
turns up being me
You said that it's not me
I'm wasting time on consequence

Rewind
Hope you've enjoyed
Spent too much time
Stuck in the noise
From everything, everyone, everybody move along
Get away from my space
Let me be
Give me peace
Rewind
I hope you've enjoyed

It's been a long time, it's been a long time
It's time, realize it's time
Everything's blurred now
Time to decide you see
Tell it to your friends
Tell it to the world
Yesterdays don't mean a thing
When you're stuck here
Today could disappear
I'm waiting for some consequence

Rewind
Hope you've enjoyed
Spent too much time
Stuck in the noise
From everything, everyone, everybody move along
Get away from my space
Let me be
Give me peace
Rewind
I hope you've enjoyed

I'm scared of everyone
But I'm not sorry
(4x)

Rewind
Hope you've enjoyed
Spent too much time
Stuck in the noise
Everything, everyone, everybody move along
Everything, everyone, everybody just
Leave me alone, leave me alone
Leave me alone, leave me alone
LEAVE ME ALONE!

I'm scared of everyone
But I'm not sorry
