Sleep

Modwheelmood

It takes some wine to open your eyes
Take the time
What's up with you my friend?
You think it's all the same.
I wish that I could help you
I wish that I could help you... with your mind.
Come on...

Well it's been some time...

It's been some time... goodbye...it's not an easy thing
to do
And pardon me if I don't see your point of view
I've been inside the red room, I breathe the shit
you've been through
All the tears in all those years
I wish that I could help you
I wish that I could touch you

Chorus:
Why do you sleep? No one wants to sleep
Why do you sleep? No one wants to sleep
Why do you sleep when no one wants?
What do you dream? I don't want to see
Why do you sleep? I don't want to sleep
Why do you?
Why do you sleep when no one wants?

Still the same... therefore I'm getting used to what I
do
And I don't see, I still can't see your point of
view...
I'm stuck in freaking Lanewood
It's running into circles
It's been a trip; it's been for real
I wish that I could go through...
I wish that I could go through...

(Chorus)

Rejected, here I am, I'm innocent
I'm innocent
Rejected, here I am, I'm innocent
I'm innocent
Innocent
So let me ask once again...
