

# I'm Looking For A New Way To Love You

Moe Bandy

I'm looking for a new way to love you  
Cause the old way don't work anymore.

Darlin' we once had a secret  
Love only we knew about  
Now darlin' you're so cold when I hold you  
I'm so afraid our secret's out.

And once I was batting a thousand  
But lately I can't even score  
And I'm looking for a new way to love you  
'Cause the old way don't work anymore.

And once your lips were warm and open  
Now they're closed and they're cold  
I won't give up I'll keep hopin'  
I'll find out what someone else knows.

Once I was batting a thousand  
But lately I can't even score  
And I'm looking for a new way to love you  
'Cause the old way don't work anymore.

'Cause the old way don't work anymore...
