

Make A Little Love Each Day

Moe Bandy

You've got to make a little love each day
That's the way you make it stay
If you don't use it you're gonna lose it
You've got to make a little love each day.

Now an apple a day keeps the doctor away
I'm sure that sayin's true
But lovin' a day will keep the cheatin' away
So listen what I'm telling you.

You can say it every day but there ain't no way
To tell her that you love her too much
She needs to hear those sweet little words
Just like she needs your touch.

You've got to make a little love each day
That's the way you make it stay
If you don't use it you're gonna lose it
So make a little love each day.

Now love is only friendly persuasion
But if you use it right
You'll find yourself a wakin' up each mornin'
Feelin' high as a kite.

It's all give and take but you've gotta make it
Anytime you get the urge
Just take her hand say honey I'm your man
And whisper those sweet little words.

You've got to make a little love each day
That's the way you make it stay
If you don't use it you're gonna lose it
So make a little love each day.

You've got to make a little love each day
That's the way you make it stay
If you don't use it you're gonna lose it
So make a little love each day.

You've got to make a little love each day
That's the way you make it stay
If you don't use it you're gonna lose it
So make a little love each day...
