

Faker

moe.

Wastin' away Sittin' around Time on my hands Leaves on the ground
Been showed the way Hinted around Never been certain Never been
found

Cause I'm a faker Pretending along Losin' side of my maker I will
die before I finish this song

Been showed the way Hinted around Never been certain Never been
found Fakin' away Pretendin' around Rain's in the bucket And there's
dust on the ground

Slippin' away Waiting around Time on my hands Leaves on the ground
Been showed the way Hinted around Never been certain Never been
found Wasting away Sitting around Time on my hands and there's
Leaves on the ground Fakin' away Pretendin' around Rain's
in the bucket And there's dust on the ground
