

# Down at the Whisky

Mötley Crüe

Runaways in a van  
All go straight to Hollywood  
We'll leave a scar  
Don't give a damn  
Vandalize the neighborhood

Do you remember when?

We slept all day  
In our clothes  
But that's okay  
In Hollywood

Another shot  
Another show  
All night long at the Whiskey A Go-Go

Do you remember when?

We were on the run  
Got loaded like a shotgun  
Living out our dreams  
Down at the Whiskey

We never made a dime  
But god we had a good time  
We always made a scene  
Down at the Whiskey

LA girls they payed the rent  
While we got drunk on Sunset Strip  
And all the cash they made we spent  
On tattoos and cigarettes

Do you remember when?

We were on the run  
Got loaded like a shotgun  
Living out our dreams  
Down at the Whiskey

We never made a dime  
But god we had a good time  
We always made a scene  
Down at the Whiskey

Oh we were throwing fights  
And we were gettin' high  
Living out our dreams  
Down at the Whiskey

We were on the run  
Got loaded like a shotgun  
Living out our dreams  
Down at the Whiskey

We never made a dime

But god we had a good time  
We always made a scene  
Down at the Whiskey

Yeah yeah yeah...
