

Generation Swine

Mötley Crüe

I don't care now what I do 'cause I am just a fool like you
Get my way now everyday, I take all I can get just like you

Just like you...

Back in ya face,
Such a disgrace
We're the generation swine
A rat race from outer-space,
Gonna blow your mind
Gotta getaway,
Gotta getaway
Aggravation
Gotta blow my brains,
Gotta blow my brains
We're the generation

I want more,
It's not enough,
We get our thrills
Right from this stuff
So my mind's a sewage sump,
It's smelling bad and out of luck

Just like you...

Back in ya face,
Such a disgrace
We're the generation swine
Gimme no lip, here comes my fist
I don't need it this time
Gettin' blown away,
Gettin' thrown away
Degeneration
This here song's for you, the doomed
Welcome my fools to the planet Boom
Thinkin' that I'll grab my space gun leave this place right now for the zoom

Guitar Solo

Soft Voice:

I don't care now what I do 'cause I am just a fool like you
Get my way now everyday, I take all I can get just like you

Gimme some space,
Get outta my face,
We're the generation swine
Don't need your lip,
Your ignorance
We're the generation
Always on a run,
Always on a run
New sensation
Wanna go insane,
Gonna go insane
