

# Generation Swine

Mötley Crüe

I don't care now what I do 'cause I am just a fool like you  
Get my way now everyday, I take all I can get just like you

Just like you...

Back in ya face,  
Such a disgrace  
We're the generation swine  
A rat race from outer-space,  
Gonna blow your mind  
Gotta getaway,  
Gotta getaway  
Aggravation  
Gotta blow my brains,  
Gotta blow my brains  
We're the generation

I want more,  
It's not enough,  
We get our thrills  
Right from this stuff  
So my mind's a sewage sump,  
It's smelling bad and out of luck

Just like you...

Back in ya face,  
Such a disgrace  
We're the generation swine  
Gimme no lip, here comes my fist  
I don't need it this time  
Gettin' blown away,  
Gettin' thrown away  
Degeneration  
This here song's for you, the doomed  
Welcome my fools to the planet Boom  
Thinkin' that I'll grab my space gun leave this place right now for the zoom

Guitar Solo

Soft Voice:

I don't care now what I do 'cause I am just a fool like you  
Get my way now everyday, I take all I can get just like you

Gimme some space,  
Get outta my face,  
We're the generation swine  
Don't need your lip,  
Your ignorance  
We're the generation  
Always on a run,  
Always on a run  
New sensation  
Wanna go insane,  
Gonna go insane
